

Advanced Manufacturing Partnership for Southern California

AMP SoCal is among the nation's first federally designated regions of the Investing in Manufacturing Communities Partnership (IMCP) initiative. Representing the southern 10 counties of California, the collaborative is charged with **strengthening aerospace and defense manufacturing and its supply chain**. An IMCP designation carries the advantage of preferential access to \$1.3 billion in Economic Development Administration funding, which has been allocated toward bolstering the economic ecosystem of manufacturing across the country.

Led by **USC Price** in partnership with
*Center for Economic
Development*

& over 100
regional partners

Supporting Southern California's A&D Manufacturers

Talent Pipeline

Source of pre-screened, pre-qualified candidates for your hard to fill job openings.

Red Carpet Service

Delivering business assistance that range from consulting services to training resources.

Innovation Forums

Free workshops that connect you to federal R&D funding opportunities or new technology.

- Meeting OEM's requirement to cut costs
- Technical assistance for business growth
- Management strategies for use of additive manufacturing
- Capabilities to solve technology challenges

Participate in AMP SoCal

Write a letter of support for AMP SoCal • Volunteer to be part of focus groups or Pillar Committees • Advocate for policies that support the A&D manufacturing community • Host an on-site visit • Provide feedback on future curriculum offered at workforce training facilities • Attend AMP SoCal events or visit with us at events where we are in attendance • Follow us on social media • Sign up for our newsletter
