

# JOIN OUR PARTNERSHIP

True to its name as the Advanced Manufacturing Partnership for Southern California, AMP SoCal is a collaborative formed by more than 135 organizations in both public and private sectors, across government, academia and industry, that partner together for the benefit of the aerospace and defense manufacturing economy in the southern 10 counties of California.

## BENEFITS OF BEING A PARTNER

1. Ample networking opportunities with other professionals who are passionate about these areas:

Workforce  
&  
Training

Supplier  
Network

Research  
&  
Innovation

Infrastructure  
& Site  
Development

Trade &  
International  
Investment

Operational  
Improvement  
& Capital  
Access

2. Acknowledgment of your business on our website: [ampsocal.usc.edu/partners/](https://ampsocal.usc.edu/partners/)
3. Ability to receive a Letter of Support from AMP SoCal and its partners on your own applications
4. Chance to partner on AMP SoCal regional proposals
5. Participate in Working Group projects that tackle the A&D industry's most pressing challenges
6. Guide the direction of existing and future AMP SoCal services and initiatives

## STEPS TO BECOME A PARTNER

1
