

INFOLOGIC

The logical approach to harness innovation

Professional Overview: Mr. Has Patel

Mr. Has Patel is President and Principal Consultant of Infologic, Inc. Before founding Infologic, he also worked for Bell Laboratories, Glaxo Smith-Kline Pharmaceuticals, Philips Electronics, and BP Chemicals. Industry expertise includes Aerospace & Defense, Pharmaceuticals, Energy and Software.

Patel holds BS in Mechanical Engineering and MS in Production Engineering. His research interests include Research & Innovation Management and Manufacturing & Innovation. He has published several papers on Research & Innovation Management at Aerospace & Defense and Corporate R&D Management conferences. He also regularly publishes a blog on the Art & Science of Innovation Management.

He is also an industry adviser and Expert-in-Residence (EiR) at the University of California, Irvine (UCI) Applied Innovation center, and an Executive Council Member of the University of Southern California (USC)-led Advanced Manufacturing Partnership (AMP SoCal) which supports the Aerospace & Defense industry. In addition, he also represents Infologic in the UCLA-led and DoE-funded Clean Energy Smart Manufacturing Innovation Institute (CESMII).
