About AMP SoCal

- Collaboration of government, academia, and industry partners
- Designed to strengthen the Southern California aerospace and defense manufacturing supply chain
- A federally designated “Manufacturing Community” by the U.S. Department of Commerce
Who We Are

AMP SoCal is led by the USC Center for Economic Development (CED), an applied research center of the USC Sol Price School of Public Policy, in partnership with the City of Los Angeles and over 135 companies and organizations.

Partners Include:

- Boeing
- NASA Jet Propulsion Laboratory
- California Institute of Technology
- CSU
- The Port of Long Beach
- Cal Poly San Luis Obispo
- Northrop Grumman
- San Diego East County Economic Development Council
- UCLA
- USC University of Southern California
- Ventura County Workforce Development Board
- CMTC
Strengthening Competitiveness Program

Provides FREE technical assistance to small and medium manufacturing businesses in the defense supply chain.

To qualify a firm must have been negatively affected by defense cuts in the past three years and located in the counties of Ventura, Los Angeles, Orange, or San Diego.

Services offered:

1. Capital Access
2. Growth Planning
3. Branding and Marketing
4. Cybersecurity
5. Succession Planning
